Sanctioned

General and Revenue Secretariat.

9 May File No. 44 of 1925.

Serial No.

Kjirijamma's temple - ... Collr now states that this estimate only for the repairs of the outer prakaram only of the Kjirijamma's temple and that the supplemental estimate for Rs 440 now sent for sanction provides for the repairs of the main building, the important item of which being repairs to the leaky roof. From the same estimate itself it cannot be made out whether the repairs were only to the outer prakaram -

2 The Collr states that the work being of an urgent nature, it has been carried out in anticipation of sanction & that the cost will be met from the funds at the credit of the temple -

3. It may, perhaps, be noted that the supplemental estimate now sent A. does not include Tools and Establt charges

4 Draft, sanctg the estimate is put up for approval or other orders

SIR

Adverting to G.O.No.1240-2/Muz.55-23-10 dated the 12th March 1924 sanctioning a revised estimate for Rs 5,173 for repairin the Sri Girijamma's Temple (Kalaseswaraswami Temple) at Kalasa, I have the honour to forward herewith for favour of sanction a supplemental estimate amounting to Rs 440 for repairing the Sri Girijamma's main temple received from the Muzrai Commissioner in Mysore. The report accompanying the estimate shows that the items now estimated for are not included in the original estimate. The work being of an urgent nature it has been carried out in anticipation of sanction, and the cost will be met out of the funds available at the credit of the Institution.

2. I therefore request the favour of very ea rly sanction to the estimate.

I have the honour to be,
Sir,
Your most obedient servant,

23-9-25
Chief Engineer of Mysore

Report to accompany the supplemental estimate for repairing the Girijamma's temple at Kalasa.

"An estimate for repairing the Kalaseswaraswamy temple and allied temples at Kalasa in Mudigere taluk was sanctioned for Rs.5173 in 1924. This estimate provides for repairing the outer Prakaram only of the Girijamma's temple, omitting repairs to the main building.

The supplemental estimate provides for these repairs, the main item of which is the repair to the leaky roof.

As the work is urgent it has been carried out in anticipation of sanction, which may now be communicated as early as possible."

SIR

With reference to your No.883/Muz.94-25-8 dated the 21st January 1926 re the supplemental estimate in connection with the repairs of the Girijamma's Temple at Kalasa, I have the honour to forward herewith a copy of the explanation of the Executive Engineer for having started the works not provided for in the sanctioned estimate and to state that the Executive Engineer's action may be approved under the circumstances explained by him. However, the Executive Engineer has been asked to submit a supplemental estimate for new essential items of works that are not provided for in the sanctioned estimate for obtaining Government sanction to the same and he has been instructed to restrict his expenditure to the sanctioned amount of the estimate as mentioned by him in para 5 of his letter until receipt of sanction to this supplemental estimate.

I have the honour to be,
Sir,
Your most obedient servant,

For Chief Engineer of Mysore.

Letter No.67 dated the 9th February 1926 from the Executive Engineer, Kadur Division, to the Chief Engineer of Mysore.

In reply to your No.885 O dated the 29th January 1926 calling for my explanation as to why excess expenditure was incurred over the sanctioned provision in repairing the Girijamma temple at Kalasa, I have the honour to state that the original estimate was sanctioned in August 1922 and for want of contractor's work was not at all carried out. In 1924 the estimate required revision and was sanctioned in a revised form in March 1924. Again no work was got done for the same reason as before. After I took charge in October 1924, I attempted to get these repairs effected but contractors who promised to take up the work backed out subsequently. It was with difficulty that a man was found and work was started in the year 1925.

In the meanwhile the temple had been subjected to abnormally heavy rains as you know and the damages had increased. Further the extent of damages could not be accurately guaged and estimated till the leaky roof of the cracked walls were actually opened out for repairs.

Again the sanctioned estimate provided only for repairing the prakaram. The main building was leaky and some wood work and pillars were rotten and had to be replaced. The Dharmadharsies pointed out that these repairs were also urgent and absolutely necessary. I agreed with them and I thought I would be running a greater risk of never effecting these repairs of this richly endowed temple if I let go that opportunity to repair the main temple and waited for the sanction of a revised estimate.

I have thus used my discretion as a responsible officer at the request of the Dharmadarsies and in the interests of the temple.

I lost no time in seeking for sanction of the excess incurred under this subhead. The total sanctioned estimate is

Rs 5,523 and the expenditure so far incurred is Rs 2,556. If there be any difficulty in sanctioning the excess of Rs 804 under the subhead of repairs to Girijamma's temple, I shall carry out only such other works as are absolutely necessary out of the remaining works and will not exceed the total sanctioned estimate for Rs 5,523 by more than 5 per cent. But I strongly recommend however that the excess be sanctioned.

I may state that the sanctioned amount for repairing the Girijamma's temple is not Rs 1,071 as stated in my report but Rs 1,346 which includes the construction of a kitchen at a cost of Rs 275. This error was committed in the Sub Division and was not noticed when checked in the Division office also. The parties responsible for making this error have been warned. The excess to be sanctioned is therefore only Rs 804 and not Rs 1,080. The estimate is resubmitted with the required modification for obtaining kind approval of Government.

"True copy"

For Chief Engineer of Mysore.
